What is a webinar?

Webinars are an online way of participating in learning. A webinar allows you to engage with information from the comfort of a location you choose. To participate you will need:

- a. High speed internet
- b. A device (desktop computer, laptop, tablet)
- c. A phone line

You will be sent a link to access the webinar through ADOBE Connect after you register. If you need a tutorial on how to access the webinar, one can be arranged through the Conference office. There is no cost to you – the access codes provide free access to both phone and internet.
